

# Internet Access and Acceptable Use Policy

June 2020

## Respect, Courage, Excellence

**At Kalangadoo Primary School, we believe it is important for our students to learn how to use technology effectively, safely and responsibly.**

The Internet offers opportunities for students to ...

- Gain access to vast stores of information around the world
- Collect and share information
- Communicate with people around the world
- Collaborate with students around the world
- Develop literacy, writing and critical thinking skills
- Improve skills in using computer-based technologies
- Increase competencies in information skills
- Participate in global projects

Internet access is available in classrooms, on iPads and the Library. Internet use will be integrated into the class learning program and supervised at all times. Students will be taught the correct use of equipment and safe and responsible online etiquette. Although internet access is subject to filters through DECD, in the unlikely event that some inappropriate sites may be accidentally accessed, teachers will ensure that students know how to exit from such a site immediately.

## Student Code of Conduct for using the Internet and Devices

- I understand that using the internet and devices at Kalangadoo Primary School is for educational, research and learning purposes only.
- Before I use any technology, I will ask permission.
- Before I begin to use the internet, I will ask permission of an adult and explain my purpose.
- I will show the teacher any message before I send it.
- I will tell the teacher if I find strange or inappropriate material.
- I will not give out any name, address or phone number while online.
- I will not complete online details or surveys, unless teacher directed.
- I will use kind and respectful language.
- I will check with the teacher before printing.
- I will abide by copyright rules.
- I will acknowledge work copied from the internet which is not my own.
- I will not knowingly introduce any computer virus.
- I will not download software from the internet without permission from the teacher.
- I will take care of all devices and behave safely and respectfully when using it.
